

Here is a suggested daily activity for 15 days.

1 Pair up your socks and count them in 2s. How many are there?	2 Measure and compare the length of different objects using the vocabulary longer/shorter.	3 Keep a daily weather chart and make a bar graph.	4 Write a letter to a fairy-tale character. Use capital letters, full stops and finger spaces.	5 Research your favourite animal online and write a non-fiction report on it.
6 Do a Joe Wicks workout on YouTube.	7 Invent an alien and describe how it looks using adjectives.	8 Play a board game with a family member.	9 Go on a sound hunt around the house. What sound do different objects begin with?	10 Write a book review or a blurb about your favourite book. Read it to a family member or ask them to read it to you.
11 Sketch a picture of a family member. Look carefully at their features.	12 Make a map of your home with a key showing doors, stairs, chairs etc.	13 Go on a 3D shape hunt!	14 Keep your eye on a clock and tell the time using 'o'clock' and 'half past'.	15 Write a letter to a local care home/ vulnerable family members.
